Setback Line Action Taken

Card Party Ordinance Delayed; Water Plan Aired

Steps were taken by the Redwood City council Monday to establish set-back lines for El Camino Real.

City Attorney Albert Mansfield and City Engineer Charles Dimmitt were directed by the council on the motion of Councilman Paul A. McCarthy to work together in preparing a proposed set-back ordinance.

This action was taken following the receipt of a communication from John W. Howe, secretary of the state highway commission, reporting that on March 2 it had voted "that the California Highway Commission recommend and request that the city council and planning commission of Redwood City, in San Mateo county, take such action as may be necessary to establish set-back lines along El Camino Real, state highway route 2, within the corporate limits of Redwood City, to provide a clear area 100 feet wide for the state highway and to preclude further encroachment on said area."

These steps are in keeping with the decision of the property owners a week ago authorizing the council to establish the setback.

Card Parties Discussed

Consideration of the proposed ordinance regulating card parties was continued until the next council meeting to permit lodges and other organizations to give their opinions if they so desire.

The proposed ordinance was scheduled to be presented last night, but protests to the suggested $10 a night license fee for commercial card parties were made by L. T. Thein, W. J. McKeegan, his attorney, and Al Bullivant, representing the Foresters of America, who rent their hall to Thein for a weekly party.

Thein declared that the proposed license fee was prohibitive and considered the ordinary business license fair. McKeegan gave it as

his opinion that any discrimination in favor of lodges or other organizations would be unconstitutional.

An ordinance rezoning two lots at the corner of Middlefield road and Chestnut street to business property was adopted on the motion of Councilman Charles Hildebrant. The rezoning was requested by Dave Walter.

Special Fund Set Up

At the request of the federal public works administration the council adopted a resolution setting up a special fund of $22,000 for use in the Emerald Lake reservoir and pipe line project. A refund of $2519.16 from this fund to the water department fund for advances already made was approved.

Redwood City was asked by Sam D. Merk, county relief administrator, to contribute $100 a month for support of the local relief agency office because the cost of its maintenance had been thrown back upon the county by the CWA.

Action was deferred until it could be learned what cities in the northern part of the county would do in the same situation. City Manager Rolison was requested to ask Menlo Park, Atherton and San Carlos if they each would contribute $16.65 monthy while Redwood City suplied the remaining $50 a month required.

Reports on Water Plan

City Manager Rolison reported that City Engineer Dimmitt, City Manager E. P. Wilsey of San Mateo and he had been invited by San Jose to go over the water project opproved last night by that city, by which, subject to the approval of the voters, San Jose contracts with Water Properties Company, Ltd., to obtain water for a 30-year period through a 200-mile pipe line from the American river.

If San Jose and Stockton finally approve the project, the company will seek to get PWA funds for construction, Rolison reported. Then the company plans to approach other peninsula cities.

A communication from the Tuolumne River Water Protective Association and the Modesto Water Users' Association announced their opposition to San Francisco using San Joaquin valley water or selling it to outside cities and favoring the San Jose project of using American river water.

To Seek Franchise Fees

City Attorney Albert Mansfield was requested to study the possibility that the city might obtain possible back franchise fees from public utilities such as were recently collected by Santa Rosa.

Fifty dollars was appropriated to the Girl Scout financial drive.

Councilman Henry Beeger requested City Manager Rolison to communicate with the Greyhound bus lines in an effort to secure the routing of additional busses daily through the city.

INLAND CITY'S HARBOR OUGHT TO SHAME US INTO EARLY ACTIVITY

[EDITORIAL]

San Mateo county, neighbor to one of the world's greatest seaports and possessing a shoreline touching both bay and ocean for 60 miles, stands at the cross-roads and debates whether or not to call an election to approve a $300,000 to $350,000 bond issue to lend the credit of the district to harbor development at Redwood City.

Stockton, inland 88 miles from the Golden Gate, approves three times that sum—$900,000—and does it by a 9 to 1 vote so that its newborn harbor might continue its marvelous development.

This contrast should convince the San Mateo County Harbor Commission that this is no time to hesitate; that the public, which approved the formation of the harbor district by an impressive vote, should at this time be given the same opportunity to decide whether or not the limited bond issue should pass.

Stockton and Redwood City are absolute contrasts. The former is an inland city; the latter is situated on a natural, navigable deep water channel right on San Francisco bay.

Stockton had to start at scratch; Redwood City has been a recognized United States project since 1882. The local harbor's history dates back to the very founding of San Francisco bay and the one-time village of Yerba Buena, now the great metropolis of San Francisco.

The inland city, to carve a harbor and ship canal out of 88 miles of low-lying lands, had to expend $8,000,000 with federal and state aid. Yet San Mateo county would quibble over whether or not it should lend its credit to the extent of a nominal bond issue to do additional dredging and provide the wharfing facilities that will make Redwood harbor an active seaport!

REV. FATHER KENNEDY PAID SORROWING HONOR

Yesterday afternoon all that was mortal of Rev. Father Thomas Kennedy, beloved pastor of the Church of the Nativity, Menlo Park, was laid to rest in the priests' plot in Holy Cross Cemetery, Colma, following an impressive ceremony in the church of which he was head for the past ten years.

Throngs followed the remains to their last resting place. The church was crowded to the doors with sorrowing friends from all parts of the bay counties. The services consisted of a solemn requiem high mass at 10 o'clock celebrated by the Rt. Rev. Monsignor Joseph Gleason of St. Francis de Sales, Oakland, where the deceased was assistant pastor for many years. The deacon of the mass was Rev. B. Kevany, head of Our Lady of Lourdes Church, Oakland. Rev. Thomas J. Crimmins, San Francisco, acted as subdeacon.

On the altar were over 50 priests of the diocese, all friends of the beloved priest.

Archbishop E. J. Hanna delivered the eulogy. It was a masterpiece. The bishop spoke glowingly and eloquently of the worth and greatness of Father Kennedy, whom he had taught at the Theological Seminary, New York, and from that time they have been close friends. The friendship gained at the seminary was increased when His Excellency was made Archbishop of the diocese of San Francisco in 1915.

Father Kennedy, who was born in San Francisco, 58 years ago, was ordained at Rochester Theological Seminary, New York, in 1907. The silver anniversary of his service in the priesthood was observed at Menlo Park on June 9, 1932, when high tribute to his service as pastor in the community was paid by his parishioners. On that occasion he said that the "happiest years of my priesthood" had been spent in Menlo Park.

Before coming to Menlo Park Father Kennedy was at the Catholic Church of Merced.

The remains of the priest arrived at the Church of the Nativity at 10 o'clock Wednesday morning. The children of St. Joseph's parochial school met the remains at the edifice and acted as an escort to the altar where the priest lay in state until after the ceremonies yesterday. A guard of honor made up of the parishioners was beside the casket all the time.

Wednesday evening the church was thronged when the office of the dead was recited.

Father Kennedy was an alumnus of St. Mary's College, then located at Oakland, and always took an active part in the activities of his alma mater.

The deceased passed away Monday in the Providence Hospital, for which he acted as chaplain for a short time when he was a young man.

Father Kennedy was liked and beloved by all the people of Menlo Park, whose hearts he had won by his kindliness, charity and nobleness of purpose. He was an earnest and devoted priest giving all his time and attention to his sacred calling.

The good clergyman has gone to his reward in that other land as a result of a well spent life.

Spooks to Visit Sequoia Theatre at Midnight Show

Spooks will visit Redwood City tonight at the stroke of midnight. On the stage of the Fox Sequoia Theatre El Wyn and his variety of ghosts, talking skulls and spooks will hold a seance. Don'e be a bit surprised if the ghost comes out into the audience and sits with you, but El Wyn, master of all spooks and ghosts, will have them in control, so you should worry.

Just in case you should be too scared to go home alone, the management of the Sequoia Theatre advises you to make up a spook party, just in case. It is said, if you sit in the audience with your shoes off the ghosts will not harm you. This, however, is just "hear say." The writer has no first hand information on the ways of spooks.

The midnight show at the Sequoia Theatre tonight is a separate show and is no part of the regular Friday night performance. The screen attraction will be "Strange People," an attraction well suited as an appetizer for the stage performance which follows.

Tuna Sales Credited to Newspaper 'Ads'

The 1934 advertising campaign of the Van Camp Sea Food Company, Inc., canner of White Star Tuna at Terminal Island, Calif., will be conducted almost 100 per cent in newspapers, according to Emil Brisacher, president of Emil Brishacher & Staff, the national advertising agency which has been in charge of this advertising for the past 12 years.

The Van Camp Sea Food Company, Inc., is the largest canner of tuna in the world and attributes to the power of newspaper advertising the popularity of its White Star Tuna brand of which more is sold throughout America than all other brands combined.

Improper Signaling Among Crash Causes

Failure to give proper arm signals, "road hogging" and defective tail lights cause the majority of the accidents on the Bayshore highway near the San Francisco Airport, it was reported today by Captain Paul Perussina following a two weeks' survey with Chief E. Raymond Cato.

He also reported that a large number of tail lights were not burning at night, forming a third menace to safety.

NAVY FLIERS KILLED

WASHINGTON, March 5 (UP)—Lieut. Wm. Philip David and Nat Marshal, aviation machinist mate, were believed killed today when their navy plane dived 1000 feet into the James river, the navy department was advised by the Hampton Roads, Va., naval base.

Federal Works Demobilization Forces Relief

200 Heads of Families To Find Work Under Plan

Expenditure of $3000 per week to keep 200 San Mateo county heads of families employed from the remaining $35,000 relief bond issue fund was authorized here Monday afternoon by the San Mateo County Board of Supervisors.

The recommendation was made by Sam D. Merk, director of unemployment relief, who urged use of the bond moneys because of the rapid rate at which demobilization of the CWA is taking place.

Merk informed the board that the demands for work was "terrific." The CWA payroll for the current week is taking care of 1174 men, which is considerably less than was the case several weeks ago, and which will continue to decline until the CWA funds finally are expended.

At that time, Merk said, the necessity will probably arise for increasing the expenditure of the bond moneys.

The $3000 per week payroll will provide $15 weekly as wages for the 200 men. The $35,000 fund should assure continuance of the program at that rate for from 10 to 12 weeks.

Merk estimated that under a staggered program the 200 unemployed men who would be given work would provide for the care of 400 families. These men will be taken from the relief agency listings and not from the re-employment service rolls, Merk said.

Mrs. Ella Chase, Lomita Park, urged a reduction of the wages of the foremen who receive $5 per day.

The board, on motion of Supervisor Albert Witt, Colma, seconded by Supervisor John Poole, Redwood City, approved Merk's recommendations.

Daly City Teacher Is Sued By Pupil

Twenty thousand dollars damages are demanded by James Murray, a student at the Jefferson Union High School in Daly City, in a suit filed in the superior court here today as the result of a beating allegedly administered by a teacher at the school.

The complaint charges that Albert Biggs, also known as Albert Biagianni, the teacher, bumped the head of the plaintiff against a concrete wall on February 1. Biggs and the high school district are named as the defendants in the action, which is filed on the behalf of James Murray by his guardian ad liten, Ann Murray.

$5,000 Suit Is Filed For Fall at Tanforan

Five thousand dollars in damages for injuries incurred when she allegedly tripped and fell at the Tanforan racetrack clubhouse on December 9, 1933, are sought by Lillian E. Ryan in a suit filed here today against the Tanforan Company, Ltd. Attorney for the plaintiff is Vincent W. Hallinan.

WOODSIDE ROAD PROJECT TO BE PUSHED BY CITY

Culvert Near School Will Be Tackled As Starter

Although hampered by the lack of funds for material, the Woodside road improvement project will be pushed by Redwood City as far as possible.

On the motion of Councilman Henry A. Beeger, the city council Monday instructed City Manager Ernest A. Rolison and Engineer Charles Dimmitt to proceed as far as they can with the work immediately.

For the entire project, which includes the construction of a box culvert over the Woodside road ditch and of a sidewalk, it is estimated that $7300 is necessary for material.

The county board of supervisors has voted $2150 as a contribution for material, which, however, faces delay, and the city will provide $2150 more.

It had been hoped that the remaining $3000 could be obtained from CWA funds or the county relief fund, but it was reported to the council by Dimmitt that it will be impossible to obtain this sum in that way.

Urges Borrowing Fund

Councilman Paul McCarthy offered what he termed a "radical" suggestion—that $3000 be borrowed from the water department fund, to be returned whenever tax delinquencies are paid up.

The council as a whole, however, felt that the better course would be to go ahead with the work as fas as possible with the $4300 material fund.

The work will be commenced from the Washington school rather than from El Camino Real. Masonry will be used in the construction of the culvert.

In a communication to the council the Greater South Redwood Improvement Club requested that a white line be paid down Woodside road to lessen traffic hazards there.

City Manager Rolison reported that he had been negotiating with the state highway department to have such a line painted and that it would cost the city $50 a mile if it had to do the job itself with hand-painting.

Action on the communication was deferred until after the completion of whatever improvement work will be done on the road.

County Also Approves Aid, but Delays Payment

Prospects of securing the early widening of the Woodside road were considerably dimmed today by action of the board of supervisors in putting proposed Brisbane street improvements ahead of the local project.

The board adopted two resolutions providing $2,150 for the Woodside road and $2,000 for the Brisbane streets.

But on the protest of Supervisor Albert Witt, Colma, who has been making an effort for several months to get Brisbane street funds, the board specifically went on record favoring the completion of the north end project before funds are to be paid toward the Woodside road culvert.

Supervisor John Poole, Redwood City, who did not oppose the Brisbane work but did emphasize the need for the widening of the Woodside road, said he believed that it might be possible for Engineer James S. James to find funds for both projects.

James protested the taking of any budgeted funds for either of the projects, saying the money should come from unappropriated funds. He said that curtailment of the road department work would be necessary at an early date if the board continued efforts to provide for jobs not included in the budget.

Wins Precedence

The resolution providing for the Woodside road funds was introduced by Supervisor Poole, and seconded by Supervisor Rosalie Brown, San Mateo. All voted for the proposal except Supervisor Witt, who declined because the Brisbane resolution was not first considered.

Supervisor Witt next introduced the Brisbane resolution and Supervisor Manuel Francis, Half Moon Bay, seconded it.

Supervisor Witt then moved that the Brisbane resolution take precedence over the Woodside road proposal and in the absence of a second from any other member, Chairman C. V. Thompson seconded the motion, which carried without protest.

District Attorney Edmund Scott advised the board to inform County Auditor Edward Stack that the Woodside road resolution was meaningless until the Brisbane project was paid for and completed.

Divorce Of La Barba Revealed In Record

LOS ANGELES, Mar. 5 (AP)—Court records disclosed today that Fidel La Barba, retired flyweight boxing champion, was divorced last week in Superior Judge Walter Gates' court. The suit was filed by Louise Barba against G. Barba. The former boxer's wife charged desertion. The couple married in San Francisco April 21, 1928, while La Barba was studying law at Stanford University. Mrs. La Barba is the former wife of Billy DeBeck, newspaper cartoonist.

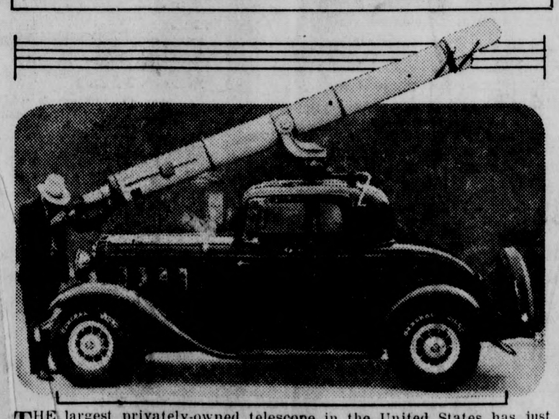
Finds Tires Steadier Than Solid Ground



THE largest privately-owned telescope in the United States has just become the largest portable telescope in the world. When S. M. Stoody, astronomer, scientist and manufacturer of Whittier, Calif., had this huge Carl Zeiss telescope made for him in Germany three years ago, he installed it in the tower of his country home. Finding that the most favorable locations for making astronomical observations varied, he conceived the idea of mounting the telescope on an automobile so that it might be moved to the most favorable locations. Mr. Stoody says that the streamline Jumbo tires on the car on which the telescope is mounted have eliminated all vibration and have made it possible to transport the telescope safely over rough roads at ordinary car speed. He says there is even less vibration in the telescope, when mounted on the Jumbo-equipped car, than when mounted on a solid concrete base imbedded in the earth.

R. C. Boy Scouts Set New Marks In Troop Race

In a race for troop advancement conducted during the past two months, Boy Scout Troop No. 143 today was announced as winner over Troop No. 160 in the annual competition of the two troops.

Trailing by 200 points during the last week, Scoutmaster Richard Winzler's troop, No. 143, overtook Scoutmaster Robert Archibald's troop, No. 160, to win by a final margin of 1146 to 1016 points. Both squads broke advancement records and now rank among the leaders in the county.

Scout Alfred Newman of the champions was high with 124 points, more than 10 per cent of the total. Scoutmaster Archibald and Jack Coffey tied in leading the losers with 75 each.

Advanced to first class rank from 143 are L. Forbes, Jim Kelly, Fred Williams, Alfred Newman, Bruce McLaughlin, Al Whittle, Norris Cummings, Elmer Leahy, David West, Merton Crockett, Holger Nelson, Milton Delucchi, Jim Curran and Richard Harris.

From 160 to get first class rating were Jerry Barton, Donald Hogan, Floyd Wimberly, Jack Galvin, Al Mansfield, Dave Leonard, Gordon Mastin, Robert Sneed, Ed Davenport, Jim Cole, Harold Vreeburg, Jack Leahy and Kuneo Hattori.

A total of 204 merit badges was earned during the two months by the local troops and is claimed as a record.

Permission Asked To Change His Name

Permission legally to change his name to Lawrence Shaw was asked today by Lorenzo Sciaresa of Daly City in a petition filed with the superior court in Redwood City.

The petitioner recites that he and all of his relatives have been using the name of Shaw for approximately 40 years. His attorneys are J. W. Coleberd and H. W. Call.

City Projects Are Detailed By C.C. Group

Suggestions Are Made For Improving Community

Widening of El Camino Real and improvement of the Woodside road and highway approaches to Redwood City are among 10 proposals which received the approval of the board of directors of the Redwood City Chamber of Commerce at its meeting at the chamber office on Middlefield road yesterday.

In the line of community progress the directors again voted their unanimous support to the continuance of efforts to develop a San Mateo county commercial harbor on Redwood creek, to secure competitive rail service on the San Francisco peninsula, and to bring about a peninsula rapid transit system to San Francisco.

The proposals were submitted in the report of the projects committee, of which Guy R. Kennedy is chairman. The report also included suggestions from members of the chamber on civic improvements in reply to a questionnaire recently circulated by the committee.

Projects Are Detailed

In its report, accepted by the directors, the projects committee recommended:

1. That three general dinner meetings for all business people, arranged and held jointly with the service clubs, be held during the year. Tentative dates suggested were May 15, September 15 and the annual meeting between Christmas and New Year's Day.

2. That attention be centered on the widening and improvement of El Camino Real through Redwood City.

3. That the appearance of the highway approaches to the city be improved.

4. That efforts be continued to bring about a rapid transit system on the San Francisco peninsula.

5. That past efforts to interest members in using the products of local manufacturing concerns be enlarged.

6. That the Woodside road, both in the county and city, be improved.

7. That wide publicity be given to the names of members of the chamber of commerce by mailing a list to all residents of this trade area and releasing the names for publication in newspapers. The committee recommended that the Redwood City Tribune be asked to issue a special community edition during the spring, at which time the list of members would be made public and the entire edition be devoted to the chamber of commerce and community projects.

8. That members include the line "Member Redwood City Chamber of Commerce" in their newspaper advertisements.

9. That the chamber continue its efforts to develop a San Mateo county commercial harbor on Redwood creek.

10. That efforts to secure competitive rail service on the peninsula be continued.

Because other projects are before the committee from time to time, it recommended that it should remain in existence all through the year.

AIRPORT PLAN AT FAIR OAKS IS PROTESTED

Club Enters Protest Against Flights Over Homes

Proposed establishment of an airport on the Canine property near the North Fair Oaks district was under protest of the North Fair Oaks Improvement Club today in a communication forwarded to the board of supervisors by Charles J. De Lacy, secretary.

The club protested that the flying of aircraft in the vicinity would endanger life. If and when a permit for the proposed airport is asked, the club asks the privilege of entering a protest. The board referred the complaint to the county planning commission on motion of Supervisor John Poole, and second of Supervisor Albert Witt.

Lawyer Seeks Slice of New Gavin Fortune

$122,805 Is Demanded For Initial Action Against Heirs

With the ink barely dry on the $1,000,000 compromise by which Mrs. Constance May Gavin of Los Angeles agreed to end her seven years' litigation against the James L. Flood estate, the claimant today found herself a defendant in an attachment filed by her original counsellor.

George K. Ford, San Francisco attorney and the man who first announced her claims that she was Flood's asserted daughter, is the claimant.

Ford avers that as attorney for Mrs. Gavin from 1926 to 1931 he is entitled to a one-eighth share in the settlement recently made with Mrs. Gavin, approximately $982,438.18 on the market basis of stocks and other assets involved.

Claim Is for $122,805

On the basis his claims approximate $122,805. The action was filed several days ago in the superior court in San Francisco, but because of the attachment feature was put on the secret file until the proper documents in relation to the claim were served.

Ford names Mrs. Gavin and Eugene Aureguy, the investigator who developed the great mass of information relative to Mrs. Gavin's connection with Flood that finally won her the settlement as defendants.

Flood died February 15, 1926, and 10 days later his will was filed. On August 27, 1926, the original Gavin claims were divulged. Ford, then a member of the law firm of Ford, Johnson & Bourquin, appeared as her attorney.

It was this action instituted by Ford which brought the case of Mrs. Gavin before the proper tribunal and the attention of the world. In March, 1927, she filed suit for a daughter's share.

Carried Into Courts

When it came time for settlement of the Flood estate, Ford, assisted by Aureguy, and Alex L. O'Grady, another prominent San Francisco attorney, carried the fight into the courts. Ford continued active in the case until early in 1931, when it was taken over by Attorneys John J. Taafe and Maxwell McNutt, who won the final settlement.

Formal notice of the settlement in behalf of Mrs. Gavin and between her attorneys and those of the Flood family was filed February 28 in Redwood City, and the next day Ford filed his action seeking to attach the money he claims is due him for his more than four years of legal service in the fight.

Ford claims he never received remuneration for his part, having taken the case on a contingency basis.

Petition Is Dismissed

The long legal battle was finally settled in Redwood City when Judge William James of San Jose, sitting in San Mateo county because Judge McNutt was disqualified as a result of previous activity in the fight, dismissed Mrs. Gavin's petition for partial settlement of the estate as a daughter.

In return for the settlement she signed a pledge that she will "never hereafter assert she is the daughter of James L. Flood," Mrs. Gavin is the wife of John P. Gavin, Los Angeles bank clerk.

Concert Is Planned By CWA Musicians

The public is invited to attend a musical program in the Sequoia Union High School auditorium tomorrow at 12 noon and at 12:45 p.m. by the San Mateo county CWA orchestra.

The concert has been arranged under the auspices of the Sequoia chapter No. 94, California Scholarship Federation, and will be given free of charge.

Justice Seawell To Be Candidate

Associate Justice Emmet Seawell of the state supreme court today announced that he would be a candidate for re-election. Justice Seawell issued a brief statement of his candidacy at this time because of the announcement from Los Angeles that Judge Hartley Shaw of the superior court of Los Angeles county would be a candidate.

The jurist declared the backers of Shaw are making the statement that a vacancy will exist on the supreme court bench, the purpose of which, he said, being to escape "their own preaching" that an incumbent except for good cause should not be opposed.

Newspapers to Have Day

In a statewide move to give universal expression to the importance of the newspaper, the week of April 2 to 8 has been set out as "Newspaper Appreciation Week."

It is hoped when it is all over that the average citizen will have gained a better understanding and appreciation of just what well-conducted newspapers mean to the community, to the state and to the nation, and also will more fully understand that of all the media for advertising used by the public today, it's the money paid out to the employes of the home town newspaper that definitely and quickly reaches the home town channels of trade faster than any other dollars that are spent by any other industrial organization.

The citizenry in this county today can feel grateful indeed that they are living in one great commonwealth where a free press really exists. The American newspaper is more than a business institution. It is the medium for the expression on any subject, social, political or economic, with the bars up, so that any, with a reasonable spirit of fairness without malice may enter, and have his say.

Shell Concentrates On Newspaper 'Ads'

Using more than double the number of newspapers in which its winter advertising campaign appeared, Shell Oil Company launches its spring sales drive today featuring black and white cartoons of the "Believe It or Not" variety.

Under the title, "In This Changing World," this advertising will appear in 225 newspapers in nine western states, British Columbia and Hawaii. These newspapers, in 160 cities and towns, have a combined circulation of more than four million.

DECREE IS AWARDED

Mrs. Marian Evans today was granted an interlocutory decree of divorce by Superior Judge Franklin Swart from Albert E. Evans on the ground of cruelty.

SIMPLE LOGIC:
Electric Range + Electric Water Heater + new low electric rate = MONEY SAVED

1¢ *per kilowatt hour! A new low electric rate for cooking and water heating on the lower block rate.*

THE steadily increasing popularity of electric cooking proves one point beyond a doubt. If you try one of the modern, super-speedy electric ranges, the odds are very much against your ever going back to any other type of kitchen cooking device.

So great is the contrast between the automatic way in which the electric range carries out your cooking orders from the standing-by watching and hoping method of non-automatic stoves, your decision will be immediate. Cooking is better, easier, simpler with the modern electric range.

As a companion convenience to match the modern performance of the electric range you will want one of the highly efficient, automatic storage type electric water heaters. The combined price of these two kitchen companions you will find to be exceptionally low this year. Now isn't this the first thing to be done in the spring program of improving and modernizing your home?

Best of all by using the electric range and the electric water heater with a demand control switch you will enjoy the new low electric rate of one cent per kilowatt hour. Get the facts on this new deal for the kitchen. We know you will be enthusiastic.

It takes only about 3% of the family budget to give the services of an electric percolator, toaster, radio, refrigerator, lights, electric clock, washing machine, iron, vacuum cleaner and other lesser appliances. Electricity renders many services at little cost.

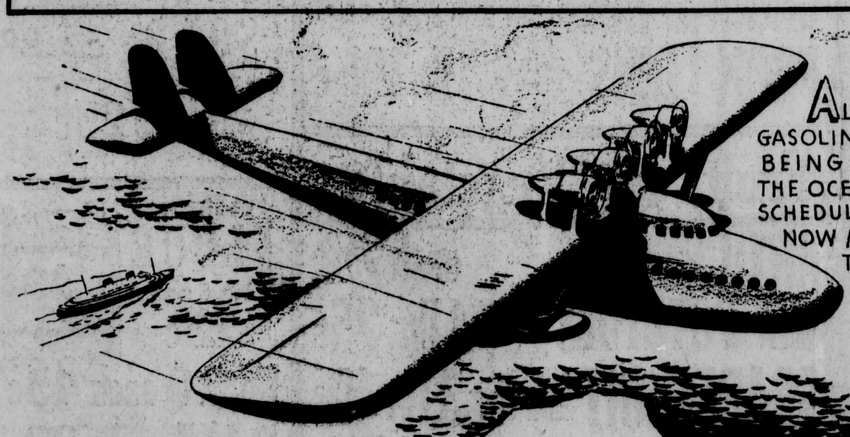
HOW ONE MAN LOST 22 POUNDS

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swellings out of my joints—with my first bottle I went on a diet and lost 22 pounds and now feel like a new man."

To lose fat safely and quickly take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—an 85c bottle lasts 4 weeks—Get it at the Sequoia Pharmacy or any drug store in America.

If not joyfully satisfied after the first bottle—money back.

IN THIS CHANGING WORLD



ALREADY, IN THIS GASOLINE AGE, MAIL IS BEING FLOWN ACROSS THE OCEAN ON REGULAR SCHEDULE. GERMAN PLANES NOW MAKE FORTNIGHTLY TRIPS EACH WAY BETWEEN STUTTGART AND NATAL, BRAZIL.

THIS IS A GASOLINE MOLECULE

IT'S A "GOOD" MOLECULE, CALLED 2-3-DIMETHYLBUTANE. GASOLINE IS MADE OF THOUSANDS OF MOLECULAR COMBINATIONS OF HYDROGEN (H) AND CARBON (C). SHELL KEEPS THE "GOOD" AND ELIMINATES "BAD" OR "LAZY" MOLECULES. RESULT: SUPER SHELL IS ALL POWER.

5 GALS. 6 GALS.

IN 5 GALLONS OF SUPER SHELL, YOU GET THE "HEART FRACTIONS" OF 6 GALLONS OF GASOLINE MADE BY OLDER METHODS. BY REMOVING THE "LAZY GALLON" OF WASTEFUL "GASSY" AND SLUGGISH "ENDS," (STILL CONSIDERED SUITABLE FOR SOME GASOLINES) SHELL PRODUCES CONCENTRATED SUPER SHELL GASOLINE — WITH GREATER POWER, BETTER MILEAGE.

OWNER OF 1926 CADILLAC CUTS HIS GASOLINE BILLS 25%
"USING SUPER SHELL, I GET FROM 2 TO 2½ MORE MILES PER GALLON THAN I CAN GET FROM AVERAGE GASOLINE. I DRIVE A CADILLAC, SO YOU CAN SEE THAT SUPER SHELL CUTS MY GASOLINE COSTS BY A FOURTH!"
W. R. KIENZLE, BEVERLY HILLS

KIWANIS CLUB EX-PRESIDENT IS SUMMONED

Stricken with a throat ailment 12 days ago, Roscoe F. ("Rock") Stephens, 35, prominent in civic and club affairs of Redwood City, died in the Palo Alto Hospital on Monday. He was a native of Canton, Kas.

Mr. Stephens came to California as a boy and settled with his parents at Monrovia. He attended Monrovia high school and was graduated from the University of California.

In 1923, he moved to Menlo Park. With Sidney Moore, also formerly of Monrovia, Mr. Stephens established the "Nipa Hut," situated on El Camino Real just south of Redwood City. Recently he had bought out his partner.

Mr. Stephens took an active part in the civic life of Redwood City since coming here. He was a member of the board of directors of the Redwood City Chamber of Commerce for several terms, and was president of the Redwood City Kiwanis Club in 1931. His home had been established at 723 Chestnut street, San Carlos.

Surviving are his widow, Lucille Duncan Stephens; a young daughter, Sally Jacqueline; a brother, Leon Hubert Stephens; an aunt, Mrs. Mary Chestnut of Long Beach, and an uncle and aunt, Mr. and Mrs. Edward Stephens of Hodge, Calif.

Funeral services were held at the Roller & Hapgood chapel in Palo Alto at 10 o'clock Wednesday morning. Interment followed in Alta Mesa Cemetery.

San Mateo Agrees To Widen Highway

SAN MATEO, Mar. 6.—The San Mateo City Council last night signed an agreement with the state highway department to spend $16,000, its share of the gasoline tax fund, for widening El Camino Real between Baldwin and Third avenues.

Hospital Patient's Will Is Contested

Contest of the will of Felix H. Decker, former patient at the Veterans' Administration Hospital near Menlo Park, who died on August 17, 1933, was filed in superior court here today by his father, Fred N. Decker.

The father declares in his complaint that his son was of unsound mind when the will was drawn in 1927 and charges Elizabeth Tessiatore, a nurse at the hospital with exercising undue influence over his son so that she was given the majority of the estate, while relatives were cut off with $1 each.

Mills Offers Lease Of Tract for Park

BURLINGAME, Mar. 6.—Ogden L. Mills last night offered to lease 25 acres of land adjoining the city limits to the city for park purposes on a 10-year contract for a total rental of $28,000, with an option of a five-year renewal.

Leasing of the park land would also cost the city of Burlingame some $5000 in county taxes, in addition. The council today had the proposal under advisement.

Sir John A. MacDonald was the first premier of Canada under the confederation.

Charles Ely Named County Park Aide

Charles Ely, formerly clerk in the office of County Executive Walter Kellogg, today was named assistant caretaker at the San Mateo County Memorial Park at Pescadero. The appointment was made by the San Mateo County Recreation Commission, which fixed a salary of $150 per month.

The recreation commission will employ the 70 odd men now working in the park on a development project which the planning and recreations are jointly working up.

Burlingame Man's Hurts Feared Fatal

Harry G. Nicholas, 38, of 281 Peninsula avenue, Burlingame, today was reported to be in a dying condition at the Mission Emergency Hospital in San Francisco following an automobile accident, according to the United Press.

His skull, both legs and chest were said to have been crushed when his car crashed into a power pole at Potrero and Mariposa avenues. He was believed to have fallen asleep at the wheel.

It required 36 years to complete Washington monument.

Eight in Council Race at San Bruno

SAN BRUNO, Mar. 5. — With three San Bruno councilmen to be elected April 9, eight candidates were in the field today. The incumbents, William Farmer, William Maurer and William Holliday, will be opposed by George E. Love, former taxi driver; Thomas Wiedeman, school trustee; Joseph Bettencourt, contractor; C. M. Callicott, San Francisco newspaperman, and George Wilcox, church worker.

More than 80,000 aliens left the United States in 1933.

For Complete and Correct Answers to

"Who's The Dealer?"

HOW TO WIN

The mammoth sign frame, which tops the entrance to this exposition, reproduced on this page, holds in place 32 spaces; each space presents to your notice a nationally advertised product or well advertised firm.

Write plainly in each space, the phone number (only) of the local distributor or dealer of that product. If there is more than one dealer, write in the phone number of only the particular dealer handling the product and co-operating in this exposition. (You may find out if a merchant is co-operating in this exposition by calling at his store and asking, in person. Watch the advertisements—just a hint).

This is the LAST of a SERIES OF THREE questions we are asking our readers.

If you have not entered the contest before you may enter this week by getting: 1. The name of the Dealer; 2. The address of the dealer; 3. The phone number of the dealer handling these products.

The correct answers will appear in the Tribune of March 13th.

After filling in the answers to all of the questions, bring or mail to the office of the Tribune before midnight of Saturday, March 10th.

Competent judges will determine the winners on the basis of correctness and neatness. In case of a tie, the winner will be decided by having the tieing contestants write a 25-word statement on "Why I buy Advertised Products in Redwood City."

Do not bring or send single pages; wait until you have all three pages filled in.

This contest is open to all—men, women and children, except employees of the Redwood City Tribune or their families.

Winners will be announced in the Tribune as soon as they are judged.

Menlo Park

All arrangements are completed for the St. Patrick's celebration on March the 16 in the hall of the Nativity. The program will be an excellent one as artists of statewide reputation will participate. The sale of tickets has been very large so that a crowded house on that evening is assured. George Walsh, who is in charge of the affair, says the entertainment is to be the best ever presented to a Menlo Park audience. Mr. Walsh has spent much time and care in selecting his entertainers and feels sure the celebration will be highly successful and well attended.

Local politics are warming up for the city election next April for the selection of three trustees. Thus far no one has filed an application, although several names are mentioned as prospective candidates. The terms of Dale, Crane and Anderson exprie but thus far it is not known if they will seek reelection. Their friends are urging them to enter the race but they are all noncommital on the suject. All three have made splendid councilmen. They have devoted their time and attention to the work of the city and should be retained on the board.

Ward E. Monroe, the realtor, will return from the north tomorrow, being away for eight weeks with a severe illness. Mr. Monroe recently opened a branch office on the Middlefield road.

It is said another chain grocery store is to start in Menlo Park. It is to be hoped the rumor is incorrect for Menlo Park already has too many groceries.

All the new stores in the Maloney block have been spoken for. Concerns from out of town will occupy them.

The Little Green Door restaurant on the highway has been taken over by parties from St. Louis. The place enjoys a thriving business.

The mariage of Miss Ruth Patricia O'Bryan and Everett A. Allen, both of Menlo Park, took place at 9 o'clock Monday morning at the bridegroom's home, 727 Harvard avenue. Judge George A. Montell officiated in the presence of 30 relatives and friends. Flowering peach was used in decorating the house.

The bride wore an afternoon gown of Alice blue lace and crepe with a matching picture hat. She carried Talisman roses and lilies of the valley. Mrs. R. F. Schomberg of Palo Alto, wearing black and white and carrying gardenias, was matron of honor. Mr. Schomberg was best man.

Mrs. Allen is a daughter of Mrs. Nellie O. Homes of Menlo Park. She was formerly a graduate nurse at the San Bernardino General Hospital. Mr. Allen is a Stanford University employe.

Mayor W. H. Weeden, Councilman Eugene Crane and City Attorney George Whitworth attended the banquet and business meeting of the Mayors and Civic Workers League in Livermore Friday night.

The following members of the American Legion Auxiliary attended the San Mateo County Council meeting in Burlingame Monday night: Ethel French, Isabelle Lindquist, Irene Boone and Clarissa Ross.

Miss Eva Douglas returned from a visit to the Douglas ranch in Sonoma.

Mayor W. H. Weeden and City Attorney George Whitworth attended the session of the Board of Equalization in Sacramento Monday afternoon.

Mrs. Cora Parker returned to her home from San Francisco last. week.

Plans are being made by Menlo Park American Legion Auxiliary to entertain the 8th District, comprising San Mateo and San Francisco on April 24th. Belmont auxiliary will be assistant hostess.

Grand President Irma Laird of the N. D. G. W. will pay her official visit to Palo Alto Parlor at a joint meeting with Menlo Park Parlor on Monday, March 19th.

Isabelle Weeden Lindquist sang a group of old songs at a Colonial party given by Palo Alto Rebekah Lodge Wednesday night.

MENLO PARK, Mar. 7.—One consolidated precinct, with the polling place at the city hall, was established last night by the city council in a resolution formally calling the municipal election for April 9. The polls will be open from 8 a. m. to 7 p. m.

Election officers were named as follows: Mrs. Frances E. Maloney, inspector; James Armstrong, judge; Mrs. Eunice W. Hunter, Mrs. Jessie A. Snover and Mrs. Esther Lee Blakemore, clerks. Their compensation was set at $5.

Three council posts are at stake at the election, the terms of E. J. Crane, W. E. Dale and A. H. Anderson expiring. Of these Anderson has indicated that he will not seek re-election, but announcement of their intentions has not yet been made by either Crane or Dale. It has been reported here that Henry Carroll may enter the race for the council, but no candidates have yet filed nomination papers with City Clerk Fannie I. Kurtz.

Consideration of the request of City Treasurer J. William Ryan that his wife be appointed as deputy treasurer at a salary of from $10 to $15 a month was put over by the council to the next regular meeting after a conference last night with Ryan.

The treasurer reported that he spent 20 to 25 hours on an average each month in fulfilling the duties of his office, and that the greatest burden comes in the months of January, February, July and August when his work is increased by the necessity of taking care of improvement bond payments. Ryan gets a salary of $15 a month as treasurer.

City Attorney George K. Whitworth reported to the council that he had conferred with the state highway department concerning the requested sidewalk improvement along the east side of El Camino Real between Oak Grove and Encinal avenues but that no decision had yet been made.

The council adjourned out of respect for the late Rev. Thomas Kennedy and the late Arthur Gale.

Boat Grounded, San Mateo Men Swim to Shore

Two San Mateo men, a father and his son, saved themselves from being marooned overnight in the San Francisco bay near Dumbarton bridge on Sunday by swimming ashore after their craft had grounded itself on a mud bank.

The two, Charles Delasco of 1728 Leslie street, San Mateo, and his son, Walter, rented a boat at the local yacht harbor yesterday and installed an outboard motor to go fishing.

When they failed to return by the end of the afternoon, Mrs. Delasco became worried at their absence and organized a hunt for them. The two appeared at a Bayshore highway tavern at about 11:30 p. m. after their swim.

O. W. Dudley, 61, Ex-Resident of Woodside, Dies

Funeral services were held at Oakland this afternoon for O. W. Dudley, 61, former widely known Woodside resident, who died at the family home at Hayward on Monday after a long illness.

Mr. Dudley had lived in Woodside at different times for a period of over 20 years and was employed for a long time in the Newman Brothers' store there. A few months ago he had moved to Hayward because of his health. Mr. Dudley was a native of Humboldt county.

Surviving him are his widow, Mrs. Emma Dudley; and two sisters, Miss Carrie Dudley and Mrs. Mayme Partensky, both of Oakland.

Harbor Bond Poll Is Urged By South S.F.

On the ground that it would be "foolhardy" to drop the harbor project fight now after all the efforts which have been put forward, the South San Francisco Chamber of Commerce on Monday put itself on record as the first organization to urge a vote on the proposed $300,000 bond issue.

The action was taken after Percy J. Shaw, South San Francisco industrial leader and chairman of the San Mateo County Harbor Commission, outlined the government's demand that bonds be posted as security on the proposed $300,000 loan.

Harrison W. Call, new president of the South San Francisco chamber, strongly urged that the group go on record in favor of the bond proposal.

The motion was put by E. E. Bramble, South San Francisco publisher, who declared it would be "foolhardy" to drop the plans now because the project was the most vital one before San Mateo county.

Andrew Hynding, former mayor of South San Francisco and long a civic leader there, seconded the motion. He said that development of the Redwood harbor would assure an early dredging of San Bruno Shoals, near South San Francisco, which limits shipping possibilities at this time.

The chamber expressed its view that the pledge made by the commissioners at the time the harbor district was formed was uncalled for and unsolicited.

The group declared its belief that the harbor district would have been just as overwhelmingly approved even if the pledge not to bond the district had not been made.

Those present pointed out that the public has not expressed its sentiment on a harbor bond issue and should be given the opportunity to say whether or not it would lend the district's credit.

There would be no debt created, it was pointed out, as assurances have been given that the harbor would be self-supporting and would retire its bonds.

John Thompson Of Redwood City Taken By Death

Following a period of declining health, John Thompson, 70, of 1140 Jefferson avenue, died early this morning at the Mills Memorial Hospital in San Mateo.

Mr. Thompson was a native of Norway. He had resided here for the past 43 years. He was a member of Metamora Tribe No. 24, Improved Order of Redmen.

Surviving him are his widow, Mrs. Martha M. Thompson; five daughters, Mrs. Ellen Boulware and Mrs. Martha Hellar, both of San Mateo; Mrs. Ragness Hallett and Jennie and Alma Thompson, all of this city; and a son, Theodore N. Thompson of Redwood City. He was also the father of the late Eric Thompson.

The funeral will be held on Friday afternoon at 2 o'clock at the Layng & Tinney Funeral Home, the services being conducted by the Rev. Norman W. Pendleton, pastor of the First Congregational Church. Interment will follow in the family plot at Alta Mesa Memorial Park.

Mrs. Susan Pindar Dies at Atherton

Mrs. Susan H. Pindar, 92, died Sunday at the home of her son, Ralph Pindar, at Atherton.

Funeral services will be held at 10 a. m. tomorrow at the Roller & Hapgood Chapel in Palo Alto. Her remains will be cremated and the ashes will be sent to Lowell, Mass., for burial beside her husband, the late Col. Albert Pindar, a Civil War veteran.

Mrs. Pindar had made her home with her son since last July but had spent several winters previously at Atherton. She was a native of New Hampshire and lived for most of her life at Lowell. Also surviving her is a daughter, Mrs. James J. Kerwine of Lowell.

Repair of Bridge Asked in Petition

Seventeen residents of the district west of Redwood City and San Carlos today asked the board of supervisors of the county to repair the bridge across Cordilleras creek at the junction of Palomar avenue and Whipple road. It was reported that the bridge was damaged during the recent rainstorm.

TO THE PEOPLE OF SAN MATEO COUNTY

DOG RACING in San Mateo County has stood the test!

We of the Baden Kennel Club in South San Francisco against whom this first court test was made, feel gratified that our sport and industry have been vindicated.

There has been a "NEW DEAL" at our South San Francisco track, with new owners, officers and personnel working with a new intent and purpose.

We, who are your neighbors and friends of long standing, are in full control. We have been engaged in business in this county for years and we are happy to have enjoyed your confidence and that of your neighbors.

With us, this racing is a business to be conducted in accordance with high business standards and ethics. We belong here; we are property owners and have substantial interests in other business in this county and we seek only the same fair chance to operate a home owned industry as you would expect yourself. The money spent in this business, in the main, stays here; scores of jobs are provided, easing the already great unemployment load, and in addition we will impose a charge of 10 cents on all admissions including those by guest cards at the track, every cent of which will go to unemployment relief in San Mateo County.

At no time has our attitude been one of defiance. We hold the utmost respect for the viewpoint of others. We are not concerned with politics or political intrigue. We are operating what we believe has been sustained as a legitimate enterprise.

So with these purposes and intentions in mind, we ask your support as fair and broad-minded citizens. We seek no special dispensations. We deeply appreciate your patronage and we are not unmindful of our community obligations.

We Promise You:

1. Our meetings will be short and well conducted.

2. You will be treated with absolute fairness at all times.

3. We will go to the legislature just as soon as it convenes and ask that we be accorded the same recognition as other racing in California.

THE BADEN KENNEL CLUB,
R. C. Stickle, President.

THE SPRING MEETING
IN
SOUTH SAN FRANCISCO
WILL BEGIN

Even in warm weather it is a good idea to warm up the engine slowly. Slow starting gives the pistons and cylinder walls a chance to expand uniformly.

Bank of America *has done much to promote thrift* in California...

Through a continuous campaign of thrift education over a long period of years, Bank of America has encouraged sensible saving throughout California.

California was the whitest spot in the nation throughout the depression. Is it not reasonable to assume that this statewide educational work on saving for the "rainy day" may have helped to maintain economic stability?
